Hear yea hear yea, a giant gust of wind blows the news right at you!

[Announcement]

-Nothing today!-

[Question Corner]

@Vellichor I do not!! What does it mean?

@Night aka local train fanatic welcome back, choo choo!

@Cheryl I'll answer ALLLLL YOUR QUESTIONS!! And I have a question for you! Have you ever played Stardew Valley?
1. Yes! I don't play it myself but I love the concept of it and I've seen some people create some really cool structures within it.
2. Raven is a very cool name. That's the name of my favorite character from Teen Titans :)
3. Hard question...but Red Panda.
4. Lately my favorite color had been red, but sometimes it's blue. Depends on my mood!
5. Ahh this is hard! Cerberus may be my favorite. The three headed dog that guards the underworld in Greek myth.
6. Yep! I've seen it!
7. Yeah I really like Don't Starve!
8. I've played Super Paper Mario and The Thousand Year Door. I love the humor in those games.
9. That's one thing I haven't seen yet, but I know it's very popular!

@Lynx
1. The forums turn all pasted text into plaintext, meaning any colors/styles on them go away. We also have very limited fonts we recognize (you can see them all in the "font family" drop down) so if you're pasting a font that we don't recognize it might look really weird. That's probably what's happening to you.
2. Reading so many stories and RPs is far and away the best thing. I brag to other people sometimes about how creative the stuff written here is haha
3. Thank you!!

@Lightstar (is that your nickname? or is it Min?) Sounds like a great house! I like the Rainwings the most.

@Ishmael Yep I can edit siggys too, but I try not to. I only do it if someone has tried to post their full name or other personal information in their sig. There's only one moderation queue so I'm not sure why you'd get two slightly different messages. That's really weird. I wonder if that's a relic from a time before the filter existed.

@Tesla Oh boy, the weirdest thing? Ever? Well, there was one time when I worked at a office previously - I opened the door for a guest whom I had neither met nor interacted with ever before, and he said "Ah, you

must be The Beckster." That was pretty weird. What's the weirdest thing that's ever happened to you?

@Koi yes, of course!

@Lynx I am a Whovian :) Haven't watched much of the new season yet though, I need to catch up!

@Vellichor that's a very cool word. Do you know the word sonder? It's not technically a "real" word in that it's not in an official dictionary, but I really like it and the feeling it describes.

@Night Sure, train stations are great! I love trains.

@Element Oooh what kind of adventure items? There could be monsters in the caves outside the town square so maybe having an adventure items shop is a good idea.

@Hawkarcade (sorry I can only see usernames in the filter and your post got caught >.

HELLO I'M HERE I'M BACK!! Sorry for the absense everyone.

[Forum Prompts]

After an accident, you lost your hearing. After an experimental procedure, you got it back. But you seem to be able to hear more than you used to. At first you think you're hearing people's thoughts, but you realize that's not quite it. You can hear their history.

You're a pretty regular person living in what you think is a pretty regular world. Every once and a while when you're in a public place you like to do a thing: you think "If you're a mind reader and you can hear me, I see you!" You always laugh at yourself whenever you do it, it's so silly right? But one day after you've thought it you notice someone staring right at you with huge, surprised eyes. They turn and run.

@Marine a few posts of yours didn't make it through over the past few days because you used an abbreviation that includes a cuss word. It's a really common abbreviation so you probably didn't even

realize, but just a warning that stuff like that will be caught by the filter. I guess this goes for everyone, be aware of what the abbreviations you use actually stand for.

a brand-new WoFRR train station has been built just down the street from the town square. at just over a half-mile long, it can handle the longest passenger trains on the rails, including the Skywing Streaker, which is pulling up to the platform now. the flagship train is two-fifths of a mile long, or 2,010 feet. it glides to a smooth stop, and announces it's arrival with two blasts of it's horn, as a 113-car full gravel train, pulled by 3 ES44ACs, 2 a coppery brown (see: clay's underscales), and the last aquamarine, thunders by on a passing track doing 50 mph

there ya go!

@Zane I know this is going to be annoyingly vague, but we are looking into some kind of notification system for the new project.

@Lightstar I think that might be a little OP. They would have a ton of powerful abilities!

@Element good luck storming the castle! er.... cave!

@Specter try sending it through again, I didn't see anything wrong about the lyrics. Might've just been a fluke.

@Zero I really hope that someday we can have fanart or some other kind of art submission. It won't happen for a while, but we are thinking about it. Customizable avatars on the other hand....

1. Fave Marvel movie is a tie between Black Panther and Ragnarok. But I have a special place in my heart for the first Iron Man since it was the first one to kick off the wild ride that is the MCU. (I know there were Spiderman and Hulk movies before but they didn't tie in)
2. Ha, I actually have a Chris D'Lacey book on my desk right now but I haven't read it yet! It's called The Erth Dragons. I've seen HTTYD and the sequel but not read the books. Would you recommend them?
3. In the comics, I love Doc Strange. In the MCU my favorite is Iron Man, but Spiderman is pretty wonderful too.
4. Favorite video game is really hard. Sonic Adventure 2 is my nostalgic favorite. Currently I've really enjoyed Night in the Woods, Overcooked, and Stardew Valley.
5. I like mint oreo ice cream!
6. Redwall series, Harry Potter, and a ton of comics :) One series I really enjoy is the Old Kingdom series by Garth Nix. Sabriel, Lirael, and Abhorsen. I think a 4th came out recently but I haven't read it.
7. Princess Bride is a total classic, I watch it every year

@Fantasy I don't see anything wrong with it so try submitting it again. If still doesn't make it through try taking the word "heck" out. Stuff like "heck" and "darn" usually is no problem but for some reason it might be getting caught

@Vellichor I learned about saudade recently! One thing I appreciate about it is that there's no real good english translation for it, it's just a relatable feeling so you just *know* what it means.
